About the College

Sri Venkateswara College of Engineering (Autonomous), a premier self-financing engineering college was established in the year 1985 and is managed by Sri Venkateswara Educational and Health Trust. The college offers 12 under-graduate programs and 7 post-graduate programs in Engineering and Technology. These programs are approved by AICTE and affiliated to Anna University, Chennai. The college attained autonomous status in the year 2016. The college is accredited by National Assessment and Accreditation Council (NAAC) with A+ Grade in the year 2022. The National Board of Accreditation has accredited many of the eligible programs. The college is an ISO 9001:2015 certified institution. The college is situated in serene environment about 37 Kms from Chennai and located in Chennai – Bangalore National Highway (NH4) at Pennalur, Sriperumbudur in Kancheepuram district.

About the Conference

The International Conference on Innovative Computing Research and Cutting Edge Technologies in Computer Science and Engineering (ICICRCET) is an annual event that brings together researchers, scholars, and industry experts in Computer Science and Engineering. Organized by Sri Venkateswara College of Engineering in association with the AIMST University, the conference provides a platform for presenting innovative research, fostering industry-academia collaboration, and enhancing skill development among students and faculty. The conference is conducted by CSE Department, SVCE, and hosted by Know-I, a Machine Learning club, known for promoting research and innovation in AI and emerging technologies.

About the Department

The Computer Science & Engineering department of SVCE is one of the most sought-after departments. It offers 2 undergraduate programs (B.E - CS & B.Tech. - AD) and 1 postgraduate program (M.E - CS) in the field of computer science. The department is equipped with a team of highly qualified and experienced faculty members who are passionate about teaching and research. The department is equipped with state-of-the-art facilities such as well-equipped laboratories, advanced software, and hardware resources. The department also organizes workshops, seminars, and guest lectures by experts from academia and industry to provide students & staff with exposure to the latest trends and technologies.

Vision

- To excel in providing education and research in the field of computer science and engineering in the cutting-edge technology so as to produce competence professional at global level

Mission

- Providing competent and trained faculty enriching the aptitude of the student to generate innovative and effective problem solving skills with professionalism.
- Providing strong research and state of the art facility to the students to face dynamic challenges of industry and society
- Educating the students to be successful, ethical and lifelong learners

Important Rules and Guidelines:

- The Papers has to be submitted in a **particular format** as mentioned by the **IEEE Format**.

Registration fee
₹500/team

TRACKS

The conference invites original contributions in the following tracks, but not limited to:

Track 1: Computational Intelligence

- Artificial Intelligence
- Machine Learning
- Deep Learning
- Natural Language Processing
- Computational optimization
- Robotics
- Text Mining
- Web Mining
- Visualization Techniques

Track 2: Ambient Intelligence

- Data Science & Data Analytics
- Smart Cities
- Affective Computing
- Context aware pervasive systems
- Intelligent Transportation

Track 3: Security

- Biometrics
- Internet Security
- Cloud Security
- Secure Transactions
- Advanced Cryptography
- Cyber Security

Track 4: Computing

- Cloud Computing
- Edge Computing
- Quantum Computing
- High Performance Computing
- Bio-Inspired Computing
- Human Centered Computing

Track 5: Techniques & Technologies

- Virtualization Techniques
- Computer Vision
- Human Computer Interface & BCI
- Augmented Reality / Virtual Reality
- Block Chain
- Metaverse
